Eames St. Project

\$100,000 PROFIT ASSURED

After some seeming months of inaction, the Wilmington Re-Development Authority has presented a plan for the land off Eames St. to members of the Wilmington Finance Committee, and the members, not acting as a board, found the plan to be satisfactory.

The plan, which was presented in a meeting Monday evening in the Middlesex Bank Building (Hiller House) headquarters of the Wilmington Chamber of Commerce, shows a total of 26 acres which can be used by industry.

The former plan of 'developing' has been dropped. The entire parcel, without any road, etc., is to be sold to one developer, the members of the Finance Committee were told.

Attending for the Finance Committee were Chairman Charles Mather, Dick Barry and Rod Laughton. WRA members present were Chairman Bob Leahy, Rene LaRivee, vice chairman; Raymond McNamara, executive director; and Richard Thackery, treasurer. There is at present no state member. Bob Evans, former state member, has moved to Londonderry, NH.

Leahy told the Finance Committee that the town should make a profit in excess of \$100,000 on the sale of the land, which is now taking in about \$500 in taxes. LaRivee expects the taxes to be over \$100,000, he said.

Part of the land, near the Woburn line, will have to be rezoned to industrial, and there will have to be a Town Meeting to vote bonds of \$190,000 - probably the annual Town Meeting next March. If there is a special Town Meeting the vote may come up at that time.

It is not anticipated that much of the \$190,000 will be used, but the bond must be voted, as a part of the Re-development and Assembly plan.

Under Chapter 121 of the General Laws the WRA will retain a tight control of the 26 acres, the

Finance Committee was told. The land in the area now privately owned consists of small lots, some 35 by 70 feet, and almost all with clouded titles. The town has already acquired a number of these lots. The land will be taken by Eminent Domain by the WRA, after approval by the Board of Selectmen, the Town Meeting and State authorities.

Land at the top of Cook Hill, surrounding a few homes there, will not be rezoned, and access is to be made to those homes by Cook Street, for those which have other access.

Two lots on each side of the hill will be retained by the WRA and not sold. Dick Barry, former chairman of the Finance Committee, said that the proposals were 'A good deal for the Town'.

OPEN HOUSE FIRE DEPARTMENT

The Wilmington Fire Department is having 'Open House' and demonstration of fire equipment on Sunday, October 12, at 1 pm. This is in conjunction with Fire Prevention Week, which is October 5 through 12th.

COMMERCIAL BANK NEW BRANCH OFFICE

Last Saturday, the Commercial Bank & Trust opened a new branch office on Rt 28 in No Reading. This office located temporarily in a trailer, will be active until permanent offices are built.

Officiating at the ribbon cutting were Roger Sullivan, No Reading Selectman; Fred Cain, President of the Bank; Marshall Tebbetts Executive Vice President; and Mrs Edith O'Leary, Chairman of the bank's No Reading Advisory Com and Ernest Fiorelli, manager of the new office.

A Check for \$2300

THE WILMINGTON COMMUNITY HOSPITAL FUND: Received a check for \$2300 from the hospital fair committee chairman, Ralph Allen Monday night, as its share of the proceeds of the fair. The check was from the Lawrence Carr Amusements. Total proceeds from the fair was \$2429.

The fund also received donations from Mrs Frances Gray of the Zayre Employees for a Landers Family Memorial Burn Center at the hospital, and from Cmdr John Faulkner of the VFW a check for \$500, making the total donation of the VFW \$1000.

In front; Mrs Mary DiGirolamo of the Sons of Italy; Mrs Lillian Woodside; Committee chairman Ralph Allen, and A. Melville Woodside. Rear: Mrs Helen Hyland; Ernest DiGirolamo, Kof C Grand Knight; Roger Beaupre of the Regional Hospital Committee; Cmdr. John Faulkner, VFW, and Al Parsons of the Tewksbury-Wilmington Lodge of Elks.

3 Dozen Ducks—and 5 Roosters

It was Signals Over, Monday eve in the Town Hall, for a Hatch Act hearing for Lot 65, off Dadant Drive, with many if not all the abutments present. Robert Stevens of Winchester wants to fill 680 feet at one end, and 513 at the other, of a fairly large lot. He was not present, for the second time. The first time he had not received a written notice, and the talk was that he felt that he should not appear at the second hearing.

The Conservation Commission, Christian Bachman and Arthur Bureau, told the Selectmen that the land was a typical swamp - under water and a part of the flood plain for Lubbers Brook; and that it was not adequate for a leaching field. The Planning Board said that the land was 'wetlands', with only 100 feet frontage on a street, and that 120 feet back from the street was standing water. The Selectmen, as they did before, disapproved.

The board voted unanimously, on individual polling, to revoke two gas licenses, an old one for Elizabeth Tattersall at Main St and Cottage Avenue, and one for Zigmund Dec on Salem Street, which had never been picked up.

Permission was given to the Lowell Gas Company to install 235 feet of main on the southerly side of Lake Street, with Ronald Gerade appearing for the company. This will bring service to additional families, the Selectmen were told, and the work will be completed in one day.

Richard Woodbury of 16 Roberts Road was drawn for Jury Duty in Lowell beginning Nov. 3, and Mrs

Ruth Filipowicz of Oakridge Circle was drawn for Jury Pool in Cambridge, also Nov. 3.

A petition was presented for the acceptance of Floral Avenue under the Betterment Act.

Cats, Ducks, Goats, etc
5 dogs, 13 cats, 4 Canadian

Geese and other geese, 3 dozen ducks, 2 goats and 5 roosters were what Mr and Mrs Julius Matonis of 40 Fairmeadow Road were objecting to, when they got their turn to speak to the Selectmen. The zoo, or farm, or what it is, belongs to a neighbor, and has been the

Glass Blowing at Reading Bank

During the week of October 14 through October 17, Miss Grace Howell nationally-known Bohemian glass blower, will visit the Reading Savings Bank to put on a continuous daily demonstration of her unique glass-making industry in the main office lobby during regular banking hours.

Miss Howell, born in Iowa into a family that specialized in glass blowing for five generations, is the last member of her family to carry on the art. She received her first lesson at the age of five and has been at it ever since.

In earlier days, the Howell family continuously toured the country and demonstrated. They were in great demand for exhibits

fairs, clubs and conventions.

There are only five families left in America who work in the colored glass novelty field and three of these have no one to carry on the craft.

Miss Howell, who can trace an interesting history in glass from its beginnings in the sands of Egypt and Phoenicia, works with colored wands from the Corning Glass Company, where she frequently supervises the making of large Christmas ornaments.

Miss Howell has exhibited at the old Sturbridge Village and has many pieces on exhibit in the Corning Glass Museum. Her public appearances take her from coast to coast during eleven months of the year.

Invitation for Disaster

Senator MacKenzie of Burlington, last week in a letter to the Town Crier stated that he did not break the tie which enabled House Bill 5581 to become law. He pointed out that the vote was 19-17, and not tied. He also said he voted for the bill 'with misgivings.'

The Town Crier's information on his vote came from the Boston newspapers. It is the first time that the Senator has refuted this information, to the Town Crier's knowledge. This paper is happy to be able to correct an erroneous impression.

The important thing is that he did vote for the bill and it is now law - a law with many jokers. It would seem that many of the Senators and Representatives in the State House did not realize these jokers existed in House Bill 5581, which is now Chapter 774 of the Acts of 1969.

The Town Crier pointed out many of these in an editorial published on August 14th.

The Senator had ample evidence on how the towns in his district felt on the bill. He was asked by the Wilmington Selectmen and Planning Board to vote against it. He was asked by unanimous vote of the Middlesex Selectmen's Association executive board to vote against it.

These people realized what the Senator and his colleagues did not - that the bill would break down many of the basic laws of Massachusetts, with a worthy purpose being used as camouflage, intended or otherwise.

The Senator says that the law offers 'much local protection to the local municipality' and then cites eight points, which, briefly stated, are:

1. Permits can be granted only to non-profit or limited dividend agencies, along with public agencies. Private speculators have no power - - to avoid local zoning restrictions.

2. There are no powers of eminent domain in this bill.

3. Federal and State construction standards must be met.

4. The permit hearing is up to the city or town. All of the ordinary powers of the city or town's reviewing boards are preserved unless they act unreasonably and - - encourage to regulate - - to preserve open spaces and to insure safe building and handsome design.

5. Persons aggrieved by decisions of the local board are entitled to judicial review in the Superior Court as from all other local decisions.

6. No local zoning restrictions can be overridden - - unless the petitioner makes a convincing case that it is (a) impossible for him to proceed - - or makes in unreasonable in that it bears no legitimate interest to the town in preserving open spaces - - insuring safe development in relation to regional need - -

7. The town can deny petitions - - if it already contains low or moderate income housing on land comprising 1 1/2 percent of its total zoned area.

8. A town need not accept low or moderate income housing in excess of 10 percent - - according to the latest census - - there is no danger that it will be overwhelmed in any one year - - can be denied if the proposed development would result in the construction in any one year of - - units on more than 3/10 of one percent of the total zoned land area in the town or ten acres, whichever is larger.

To refute the statement in part - space does not permit all the details -

1. This has two jokers. The main one is that private developers can set up limited dividend agencies, and have done so in the past in the Boston area. While limited to a 6% dividend on investment, this does not preclude such items as management fees, salaries, etc., and in this way a developer can satisfy his profit motive, and at the same time break down the basic zoning and other laws of a community.

2. Eminent Domain powers - this is almost immaterial. People will sell land, if offered enough money. Land at \$20,000 an acre could be cheap to a limited dividend corporation, and there are plenty of people in Wilmington and other communities who will gladly sell at this price.

3. Federal and State Standards. The state agency would be the Mass Housing Finance Agency, which has apparently adopted a basic policy of not promulgating standards. It encourages 'innovations', by which it means that each project is reviewed without any fixed standards other than those the administrators care to

SELECTMEN'S MEETING (From Front Page)

subject of previous objections.
TM Sterling Morris told the Selectmen that a judgement had been won by the Board of Health in Woburn Court on Sept. 26th.

The couple told the Selectmen that the birds and animals were still there. Chairman Jim Banda informed them that the court order would be enforced, by the Board of Health.

The Matonis' s told the Selectmen that there had been filling of land, along the Shawsheen River, to provide more room for the animals. The Building Inspector was told to investigate.

A Hatch Act hearing was set for next Tuesday at 8 pm on petition of Atty Joseph F Courtney, acting for Mr and Mrs Joseph Fortunata of 108 Church Street.

A transfer of \$1500 for the Police Department Expense Account was referred to the Finance Committee

Arguments

Commander Tom O'Connor of the Nee-Ellsworth Post, VFW, reprimanded the Selectmen because of the use of the American Flag. It had been at half mast during the Landers tragedy, and that, he said, was wrong.

Chief of Police Paul Lynch spoke up to say that until better regulations were made for the flag the Town should use its own discretion. Selectman Miceli suggested that the board ask Congressman Brad Morse for the regulations on the flag.

Lynch then wanted to know if the Selectmen wanted to have 3 officers on private property, the next day, while a survey was conducted by the MBTA. The board did, since they felt that non-compliance might result in an increase in the assessment costs to the town.

Lynch then went on to tell the board that he had charged the Peerless Insurance Company of Peabody \$1, for copies of reports on a duplicating machine in the Police Station. The machine was privately owned, the Chief said, and not town property, and the police would charge for its use.

Lynch then left, and TM Sterling Morris told the Selectmen that under his regulations no Department Head had the right to collect funds individually, that all money must accrue to the town, and he requested that the machine be made a part of the Town pool.

A discussion was held with the Chief concerning traffic congestion at the Wilmington Plaza. The Chief said that a previous Town Manager had not listened to suggestions that would have made traffic control easier, and that there should not have been two exits and entrances, but only one.

If the board will call in the own-

ner, Lynch said, he will lay out a traffic plan that will work.

Sweetheart Plastics

Sweetheart Plastics is planning to erect a plant in Derry NH. A special town meeting is supposed to have been called in that town for the sale of six acres of land in the center of town, including the Little League Park, to Sweetheart Plastics. Selectman Boylen had a story on this which shook up his fellow selectmen.

According to Boylen, with MacDonald confirming, a Derry NH man had called at his office in MIT and said that the money for the new plant would come out of the funds from the Industrial Bonds which Sweetheart Plastics is hoping to get in Wilmington, through a Wilmington Industrial Commission. The Selectmen were shook up at the story, and the TM was instructed to go to Derry NH and find out what was happening.

(Ed. Note: Such a transfer of money is impossible, both physically and legally. If a bond were voted to the construction of a new plant for Sweetheart Plastics, in the Wilmington Town Meeting, such money would be handled entirely by the Wilmington Industrial Commission, with Sweetheart Plastics having nothing to do with it, other than to repay on the bonds as they came due, to the Commission).

Felice Vitale wanted to see the Selectmen's Warrant. Chairman Banda read a portion of a letter from the Town Counsel which said this could only be done during the regular business hours of the Town Hall, and only after the Selectmen had finished with it, in other words after Tuesday morning. There was more to the letter, and Mr Vitale was unhappy, but he declared that he would take time off from work to go to the Town Hall to inspect the warrant.

Bob Evans, now a resident of Londonderry, NH (since Oct. 1) dropped in to say that he had just learned that he had been reappointed the State Member of the Wilmington Redevelopment Authority, and that last spring he had said he did not wish to be so reappointed.

Evans suggested that the board call Julian Steele, state commissioner, and ask that another appointment be made.

Banda took time to thank Evans not once, but several times for his services to the town, and said he was sorry that Evans was not on a board now. Evans told the Selectmen that he hoped to move back to Wilmington, and that he had always enjoyed working on the boards on which he had served. 'Almost always' he added.

Letter

319A Andover Street
October 2, 1969

Dear Sir:

I came to Wilmington in 1967 to build a garage for the repairing and housing of my trucks at 319A Andover Street. It took all my life's savings to do this. With the building permit I received permission to store 350 gallons of gas in my six trucks.

Two weeks ago I filed an application to the Selectmen and had a hearing after advertising, to store 5000 gallons of gas on the premises below ground to supply my trucks only. The reason is that I am able to save \$250 a month, which incidently is 2/3rds of my mortgage payment. The gasoline company says the minimum delivery of gas they will make is 3000 gallons. On investigation with other companies I find it is the same.

When I asked for this at the hearing a resident of Andover Street arose and questioned my business operation, claiming that I was running a trucking business from the site, and that I was in violation of the zoning laws.

My trucking is done from and for Sweetheart Plastics. I only garage and repair my trucks on the site. The trucks leave the premises at about 7:30 am and return between 4:30 and 5 pm. We do our repairs after this time.

My building permit is issued in 1967 to Salvatore P D'Allesandro, Trustee for A&D Trust Company, which company owns the premises. It states the garage use is for 'housing of trucks and office facilities' and I believe repairs are included in the zoning code, as it is stated.

I certainly hope this clarifies my status with the Town. This discussion and the insinuations are extremely embarrassing to me, since I am only doing in my business what I said I was going to do when I came here, and am not, I believe, in violation of any laws.

Very truly yours
Salvatore P D'Allesandro

Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, and after five, 658-4865. If I'm not there, then I'll call you!

Do you folks know that you have sons, brothers, uncles, and cousins in the service here and overseas... Hope that you made a note of that Christmas Mail Program... AND HAVE I HAD YOUR SERVICE-MAN'S LAST ADDRESS? Mail me a card at Box 208, Town... DO IT NOW! Time for that List!

Have you get those fellas on your skulls for that Christmas mailing? Ok: here's some news on mailing dates: Surface transportation Oct 13th through Nov 8 Mal goes via boat from the port of embarkation and is the slowest.

SAM (Space Available Mail) Oct. 20th through Nov 22. Small parcels up to 5 pounds go by rail or truck to the port city and then are flown on a space available basis. You pay a parcel post rate to the port of embarkation

PAL (Parcel Air Lift) Octo 27th through Nov 29. Large packages up to 30 pounds are flown (space available) from your city to overseas base. You pay a parcel post rate to the port city plus a flat charge of \$1 for air service

Regular Air Mail - Dec 1st through Dec 13. The quickest but the most expensive service.

Now, there you go...Get with it...the baking and shopping, Mal

Here's the BEST...Jo O'Neill is forming a HORRIBLES PARADE for October 31st (Halloween) for High School students on down for Wilmington residents. It will 'parade' from the Police Station to the Tennis Courts where prizes will be awarded and refreshments served...Ok, you birds...I've been hearing there is nothing for the young folk in this Town, for the young folk...with the young folk... or by the young folk...so get those costumes out...use the skulls...and see what you can do! More info next week on this one! GREAT... Those are the gals...that North Wilmington Group...They aren't just sitting and holding their heads that there is nothing for the kids... they're doing something about it... so if your a Momma or a Poppa and you can help, Call Jo on High St...

Speaking of that, Mrs. Woodside assures us that the Burn Center at the new Hospital will be in the memory of the Landers Family, and you may send those contributions directly to the Hospital Fund!

Guess we blooped...Jeannie Foley had her meeting last Wednesday, but she still needs help...so call her...Thanks!

(FROM PAGE TWO)

insist on for a particular project.

The Federal Housing Administration does have standards for its subsidized housing, but these are administrative standards, which can be reviewed or revised at any time - say Monday or Tuesday.

In effect the people of the Massachusetts communities are being deprived of any advance assurance of the minimum standards to be imposed on them.

4. Permit hearing up to city or town. Pure camouflage. There is no discretion for city or town. They must have a hearing on application, and if they deny, the petitioner can say that they are unreasonable, and take them to the new State Board of Appeals. Chapter 40A of the General Laws has been by-passed, and the hearing is in effect held with a gun at the back of the head of the board.

The powers of the Planning Board are by-passed, and so are the powers of the Board of Health. The local Board of Appeals becomes both of these boards.

The word 'unreasonable' is completely misleading. Anything is unreasonable, in this law, which imposes costs on the developer that he is unwilling to pay. There is nothing in the law which says whether or not any set of regulations are unreasonable.

'Open spaces and insure safe building and handsome design' is admittedly a handsome phrase. In an adverse manner the law does encourage a town to zone open space, but it doesn't encourage open spaces around the buildings to be erected, which could become an 'unreasonable cost'.

More important, no municipal agency, other than Historical Districts, have the power to control esthetics (i.e. handsome design). Nor does Chapter 774 control esthetics.

5. Persons aggrieved - this is completely misleading. It is in no respect like all other zoning

Patterson - Garland Wedding

At a six o'clock ceremony in St. Dorothy's Church, Dorothy Edith Patterson, the daughter of Mr and Mrs Robert C Patterson of One Walker Street, Wilmington, was given in marriage by her father

to Mr Ralph Henry Garland, the son of Mr and Mrs Ralph Garland of Two Muse Avenue.

The bride was gown in peau de soie, with an empire waist and long Alencon lace sleeves trimmed with seed pearls. She wore a cathedral length veil and carried a cascade of white roses with pink roses for a center.

Father Leahy and Reverend Willis P Miller performed an ecumenical ceremony.

Miss Patricia Patterson, a sister of the bride, was her attendant and was gown in orchid Irish Linen with a lace trimming and carried a bouquet of matching orchid and pink daisies.

The bridesmaids were Mrs Suzanne DeMaggio of Tewksbury, Miss Lorraine Dias and Miss Linda Evans of Wilmington, who were gown in pink Irish linen with matching bouquets of pink and orchid daisies.

Mr Donald Garland, the brother of the groom was best man; and John Avery of Lexington, Paul Leverone of Andover, and James Yentile of Wilmington were ushers.

Mrs Robert Patterson chose a blue antique satin dress with coat for the ceremony while the bridegroom's mother wore pink Irish Linen with chiffon sleeves.

For the wedding trip to northern New England, the bride wore a brown dress of Irish Linen with white collar and accessories.

Mrs Garland attended the Wilmington public schools graduating in 1967 and after graduation from the WHS in 1966, the groom attended Lindsey Wilson College in Columbia, Kentucky and is now with the Military Police of the U S Army, and has just returned from a tour of duty in Viet Nam.

Mercer - O'Connell Nuptials

At an ecumenical wedding on October 4, 1969 at 11: am at St. Dorothy's Church, Beverly Ann Mercer, the daughter of Mr and Mrs Walter H Mercer of One Dell Drive was married to Leo Patrick O'Connell III of 42 Cox Street Nashua, N.H., the son of Mr and Mrs Leo O'Connell, Jr. formerly of Wilmington.

Father Leahy and Reverend Kuder officiated at the ceremony.

In a church decorated with mixed gladiolae and pompoms and carnations, Mr James O'Keefe sang The Lord's Prayer and Ave Maria accompanied by Mr William Noll on the Organ.

The maid of honor was Kathleen

O'Connell, a sister of the groom while Nancy and Darlene O'Connell with Linda Arsenault and Barbara Mann, friends of the bride were the bridesmaids.

Daniel O'Connell, a brother of the groom was best man; while David O'Connell, a brother of the

groom, and Robert Nolan and Kevin Lynch, cousins of the groom were ushers. The ring bearer was John (JJ) O'Connell, a brother of the groom.

and veil, the bride was given in marriage by her father and carried a cascade of white gladiolus and lilies.

All of the bride's attendants were gowned in Romance Blue gowns with sleeves trimmed in fur. The headpieces were fur with attached chapel length veils.

For the ceremony, the mother of the bride chose aqua silk crepe with an orchid corsage and the mother of the groom wore lavender dress and coat with an orchid corsage.

A reception was tendered the couple at the Knights of Columbus Hall, with decorations and music by Paul Deal of Somerville. Miss Marlene Lynch was in charge of the guest book.

For the wedding trip to New York the bride wore a dress and jacket of ice blue with beige accessories.

Mrs. O'Connell attended the Wilmington Public Schools and the Lowell Academy of Hair Styling. After graduating from WHS, the groom attended the Bryant-Melton School of Aviation and is presently employed by Wamboldt Steel Erection Company.

The couple will be at home at 112 Main Street in Wilmington after October 11th.

FULLER - BILLINGS
BETROTHAL

Mr. and Mrs. Willard C. Fuller of 87 Nichols Street have announced the engagement of their daughter, Ann Marie, to Lynn Keith Billings, son of Mr. and Mrs. Weyman H. Billings of 21 Strout Avenue.

Both are 1965 graduates of Wilmington High School. Miss Fuller graduated from the Beverly Hospital School of Practical Nursing, and is currently employed at the Lawrence General Hospital in the Coronary Care unit.

Mr. Billings is a senior at Findlay College, Findlay, Ohio.

A June wedding is planned.

Crusaders to play Wagner

It was New Music and Old Films for the Wilmington Crusader's in their meeting Sunday night.

Films dating back to the beginning of the corps were shown, in which the progress of the youngsters could be noted, and the last film was that of their winning the Mayflower Championship recently.

James Lutz of Arlington and Mike Cahill of Needham, the music instructors, played recordings of music planned for 1970. The fanfare chosen is from the First Movement of Nordic Trilogy, by Wagner. The 'off the line' number is to be Sambre et Meuse, and the song for Color Presentation is to be a very dignified and moving arrangement of When Johnny Comes Marching Home.

Since their winning of the Class B Championship the Crusaders are proceeding with plans to move up to Class A, which will require the addition of three to five minutes of music in competitions.

The Corps has received and ac-

cepted many invitations to appear at functions this fall, and has also received invitations to compete in Wilmington Delaware, and in Canada, both of which are under consideration.

A large scale recruitment is now underway, for new members. The Corps is to undergo extensive re-vamping and expansion, to a much larger size. Membership is open to all between 8 and 21 years old for the Crusaders and Swordsmen.

New members are to be interviewed, and placed according to size, age and previous experience. No experience is necessary. Instruments and equipment are provided free of charge. Information can be had by calling 658-8100.

Fall Schedule

Oct. 12, Halftime show, Keith Academy - Crusaders. Oct. 13, Columbus Day Parade in East Boston, both corps.

Oct. 19, Pop Warner Halftime show - Wilmington - Crusaders.

Oct. 25, Halftime show, Bridge-

water State College, Crusaders. Oct. 31, Halloween Parade, Woburn, Crusaders. Nov. 9, Grand Opening of Child World Store in Woburn, both corps.

Nov. 11, Veteran's Day Parade, Arlington, both corps. Nov. 23, Santa Claus Parade, Lowell, both corps. Dec. 7, Santa Claus Parade Haverhill, both corps.

Miller - Parkerson Marriage

At an eleven o'clock ceremony on August 8, 1969, in the Walker Chapel of the North Congregational Church in Concord, N.H., Miss Joanne Louise Miller, the daughter of Mr and Mrs Richard B Miller of 22 Hathaway Road in Wilmington became the bride of Geoffrey Parkerson, son of Mrs Cynthia Parkerson of 116 School Street, Concord, and Mr Stanley Parkerson of Pembroke, NH. The Rev. Richard Byer officiated.

Gowned in a floor length white crepe with and empire waist and bodice and short sleeves of chantilly lace, a sleeveless coat and slight train, with a headpiece of heart shaped lace petals with seed pearls and rhinestones carrying a bouquet of carnations and baby mums, the bride was given in

marriage by her father.

Miss Nancy Miller was maid of honor for her sister, and Mr John Parkerson, a brother of the groom served as best man. A reception was held at the Abbott House in Concord following the ceremony.

Mrs Parkerson is a graduate of WHS, Class of 1967, and attended the Northern Essex Community College.

The groom graduated from the Concord Schools in 1967 and served in the United States Navy. Both were formerly employed at the Crotched Mountain Rehabilitation Center in Greenfield, N.H. The groom is now employed by Concord TeleCable Inc. The couple are now at home at 11 Green St in Concord, N.H.

Hospital

Building Fund

Gals vs Fellas...Barn Sale.... \$2934.24.....Fair and Carnival \$2929.00.....Gals win by \$4.24, and it would seem that Ralph Allen and his co-workers would have paid \$5.00 out of their own pockets had they only known! (Nosey Nancy)

The Wilmington Regional Hospital Building Fund Committee gratefully acknowledges and respects the wishes of Mr. David Landers that contributions in memory of his wife and six children may be sent to the Building Fund towards a special Burn Center.

Honored by contributions to the Hospital Building Fund this week are:

Frank Burt, father of Ruth Ferrara from Theresa Ferrara and Elsie Quaratiello

Frank Burt, father of Ruth Ferrara from Mr and Mrs John Zocchi Insul-Tab, Inc.

Ruth M Stewart, 6th anniversary remembrance from her mother and dad, Mr and Mrs Thomas Pendergast

Kathleen M Burns, Billerica, from Mr and Mrs A M Woodside Jennie Bognore, mother of Joseph Bognore, from Mr and Mrs Angus Suggs

Joseph Bellantoni (Belmont) from Mr and Mrs Frank Mango

The Landers Family from a friend in Woburn

Billy Landers, from his best friend, Michael Russo

The Landers Family from Mr and Mrs John M Russo

The Landers Family from the Sophomore Class, Wilmington High School

The Landers Family from Rt 38 Auction Hall Owner and the Friday Night Customers

The Landers Family from Mrs Lillian Southmayd and Family

Boosters

During the 1968-69 year, the Boosters disbursed \$3328.38 in the interests of the high school students of the Town of Wilmington. Awarded to high school seniors were four scholarship totalling \$1500. There were 55 jackets and trophies awarded to the boys who won the League championships and 14 charms to the cheerleaders; a tiara went to the Queen of Victory Dance with a bouquet of flowers. Champions of Hockey were awarded 25 jackets and 4 sweaters. Baseball and Track teams were awarded 8 sweaters. A most valuable player award trophy in football was made and the huge Scoreboard on the football field and program books for the football games were printed through efforts of the members. The sale of this book, in which the local merchants of the town advertise, and the sale of the Blue and White Booster Buttons and the profit from refreshments at the home football games are the only means of raising funds. The Boosters need your help. There are only 10 meetings a year in which discussions are held to increase the past efforts. There is no requirement that says you must have children in high school. This organization needs new people. Help continue the Boosters. Call 658-3192.

Column Four

HOME OWNERS CORNER

by Roger

In winter, insulation will make your house warmer and more comfortable, and it will reduce fuel bills.

In summer, it will make the house cooler and more comfortable and reduce operating bills if you have air conditioning.

Ordinarily, almost every part of a house can be insulated by a homeowner. You need only to be a skilled do-it-yourself handyman. Insulation should be placed in each part of the house structure that separates a heated (or air-conditioned) living space from an unheated space (a garage or utility room), as well as between walls, floors and ceilings separating heated living space and the out-door air.

Do-it-yourself handymen buy all their building material at A B SWEZEY INC., 615 Main St. 658-2051.

Aluminum combination windows and doors, Wood combination windows and doors, Free delivery....Morgan Entrances...Sheetrock...Shingles...Shutters... 'Everything to Build Anything'.

HELPFUL HINT: Rigid insulation for a concrete floor should be at least 1-1/2 to 2 inches thick, and up to 3 inches in the very coldest climate zones

A. B. SWEZEY INC.

SINCE 1931
615 Main St.
Wilmington

Everything to Build Anything
658-2051

decisions. First of all the person must go to the newly created State Board of Appeals, which never was contemplated in Chapter 40A.

State agencies have much to be desired, in their dealings with the communities. The Outdoor Advertising Agency has a long history of ignoring the desires of the local communities.

'Judicial Review' is a very comforting thought, - but the ground rules have been changed substantially.

Under Chapter 40A Judicial Review is available to any aggrieved party, in accordance with standards which are carefully specified. Chapter 774 is an entirely different game, which can be quite adverse to the interests of the local community. The only aggrieved party may be the applicant and the community, and not any of the aggrieved neighbors.

6. No local zoning restriction can be overridden - - . This is totally misleading, and an inaccurate interpretation of the new law.

Oddly drafted, it specifies that requirements or regulations shall be considered consistent with local needs only where Low or Moderate Housing exists in excess of 10% - or on sites comprising 1 1/2% of the total land area zoned residential, commercial or industrial - - or the construction on more than three tenths of 1% of such land area or 10 acres, whichever is larger, in one calendar year.

This can be disaster to any Massachusetts community, but more particularly, those close to Boston.

Low or Moderate Income Housing does not include those homes owned by local families, such as is the case in Wilmington. It means only Publicly Sponsored housing, such as the Old Age Housing on Deming Way. None of the many low and moderate income homes in Wilmington would qualify, even though the law would lead to such an assumption.

Three tenths of 1% sounds very small. Wilmington has 10,500 acres. Three tenths of 1% is approximately 30 acres.

Since the density of population can be suspended by the State Board of Appeals by a majority vote (three out of five), thirty families could be located on each acre, in any year - a total of 900 families, or about 3600 newcomers to Wilmington. The local officials would be unable to stop it - any of their heretofore legal actions would be 'unreasonable'.

Wilmington, with incoming families numbering 125 to 150 per year, has been hard set to keep up with school buildings. What can it do if there are 900 new families?

Disregard of Development Regulations, disregard of the local Board of Health - and the flooding of school facilities. Those are the possibilities of Chapter 774.

Chapter 774 of the Acts of 1969 can become Disaster to any of the many communities which are suburban to Boston - not to the Lincolns, Dovers and Waylands which were the ostensible target of the 'snob zoning law', but to those hard pressed communities which are already overburdened by taxes.

Let a Limited Development Corporation offer \$20,000 an acre to many land owners in those communities, and they will sell. And the Town Fathers will be powerless to stop Disaster.

National Fire Prevention Week Oct. 5-11

Please . . . **GET THE**
Fire prevention
habit!

MAKE YOUR HOME AND FAMILY FIRE-SAFE

Do not overload outlets, especially with heat-making appliances (iron, toaster, electric blanket, etc.)

Do not replace a blown fuse with a fuse of a higher number.

If yours is an older home, check your wiring. If you feel there is more to this than you are sure of, be sure to have a licensed electrician do this.

Anything connected to your electrical system should carry the 'UL approved' tag.

If an appliance shows a sign of trouble, have a repairman check it before you try to use it again.

Have a UL approved fire extinguisher; make sure it is charged at least once a year. Know what types of fires it can be used for.

Keep plenty of baking soda near the kitchen stove and anywhere else there is a possibility of a grease fire.

Take care when using an incinerator. Do not allow it to become over-filled. Replace it when rust holes begin to appear. Do not have it located in an area where fire can easily spread.

Do not allow rubbish and rags soaked with paint or oil to accumulate.

Instruct your children and their playmates in fire prevention and the dangers of fire.

Be sure your babysitter is able to handle most any emergency that may arise. Leave a list of phone numbers, including that of a neighbor, fire and police departments, and where you will be. If possible, have her take a 4-H babysitting course. A girl who has completed this course is well worth the higher rate she may ask. For further information on this course, contact:

Co-Operative Extension Bureau
Everett Street
Concord, Mass. 01742

An oxygen mask is quite helpful in the event of smoke inhalation or heart trouble. Most pharmacies have them in stock. However, be careful not to store or use it near a fire or a fire possibility. Oxygen increases the flammability of its surroundings.

Have an escape plan for the entire family. Hold drills often enough to be sure that everyone knows what to do. Holding a few drills during the night is a good idea too.

In the event of a fire, your first consideration should be the escape of yourself and your family. Once this is accomplished, call the fire department, using a neighbor's phone, if necessary. If you should try to fight the fire yourself, do not let it cut off your escape route. It is best to leave this to the fire department; a fire can move faster than you, and trap you before you realize it.

No. Andover Routed

The Wildcats exploded for a record breaking 36 points in the second period and went on to rout North Andover 51-8, last Saturday before some 1300 fans, in Wilmington.

It was their fifteenth win in the last sixteen games played, dating back to 1967. Despite the fact that Coach Bellissimo played his second and third units during the entire second half the Wildcats completely dominated the ball game, netting 370 yards in the total offense.

Mike Esposito paced the Wildcat victory, tallying 29 points on four touchdowns and five placekicks in addition to picking up 127 yards on 14 carries, all in the first half.

Espo wasted no time in setting the tempo for the game, as he picked up the opening kickoff on his own ten, and raced 90 yards for the touchdown, and then added the kick for a 7-0 lead.

Later in the initial period defensive back Mark Drugan intercepted an errant Scarlet Knight pass and ran it back 17 yards and then the Wildcats rolled up the remaining 38 yards in seven plays, one of which was a 16 yard pass play from Bill Gustus to junior halfback Dick Gillis, with Esposito going over from the eight, and a 13-0 lead, the extra point try was kicked wide.

On the second play following the kickoff, co-captain Tom Coates recovered a North Andover fumble at the Knight's 22 and halfback Dick Gillis took advantage of it to run

off tackle for the third touchdown of the afternoon.

Other touchdowns were scored by Esposito, 21 yard run at 4:00; wing back Rick Smallidge, 3 yard run at 6:16; and Esposito, 1 yard run at 8:45 to complete the scoring in the second stanza.

Freshman full back Mark Jepson, making his first varsity appearance, scored the final TD of the day as he plunged over from the one yard line to cap a well executed 57 yard drive in nine plays at 6:00 in the fourth period.

North Andover finally hit pay dirt in the final stanza as their co-captain, Pete Sullivan, bulldied over from the two to climax a 66 yard march. Other backs who saw considerable action in the bench clearing performance included Sophomore Art Bibeau, 19 yards in four carries, Dick Gillis, 35 yards in 8 attempts; and Rick Smallidge with 28 yards in 5 carries. Senior Mark Drugan made 8 yards in one try and Freshman Mark Jepson 36 yards in 8 carries.

In passing Bill Gustus was 3 for 4 and 85 yards, and quarterback Steve Catalano hit on 2 of his 3 tries for six yards.

Dan Ballou caught one pass for 30 yards and now leads the team in receptions with three, and a total of 88 yards. Other pass catchers in the game were Gillis, 16 yards; Smallidge, 39 yards; Drugan, 3 yards, and junior Sid Tildsley, 3 yards for a two point conversion.

Tewksbury and Chelmsford stayed tied with the Wildcats for the conference lead, at 2-0, with 7-0

and 27-7 victories over Burlington and Methuen, while Andover spilled Dracut, 20-14.

Last Friday the Freshmen won their second straight as they too shut out North Andover 6-0, on a Steve Korse pass to Mark Jepson which covered 35 yards.

The Frosh will make their initial home appearance of the season on Friday afternoon when they will host the younger Rangers of Methuen High.

On Monday afternoon the junior varsity could not hold onto the football for very long. The line did not block too well, and the team was fortunate to come up with a 6-6 tie with the Scarlet Knight Jayvees.

Soccer

The High School varsity soccer team lost to an excellent Xavier high squad last Thursday, 5-1.

John Conlin scored the only Wildcat goal at 1:55 of the second quarter with an assist from Lance Platt. The goal was scored on an indirect free kick.

Senior Frank Leverone was outstanding throughout the game as he saved on 18 Xavier shots. If it were not for his fine work in goal the Wildcats might truly have been bombed.

Co-captain center halfback John Kalkanajian played well up front as did senior Walt Carney on defense, but the Xavier club, probably the best in the state, was too much they kept continual pressure on the Wildcat goal.

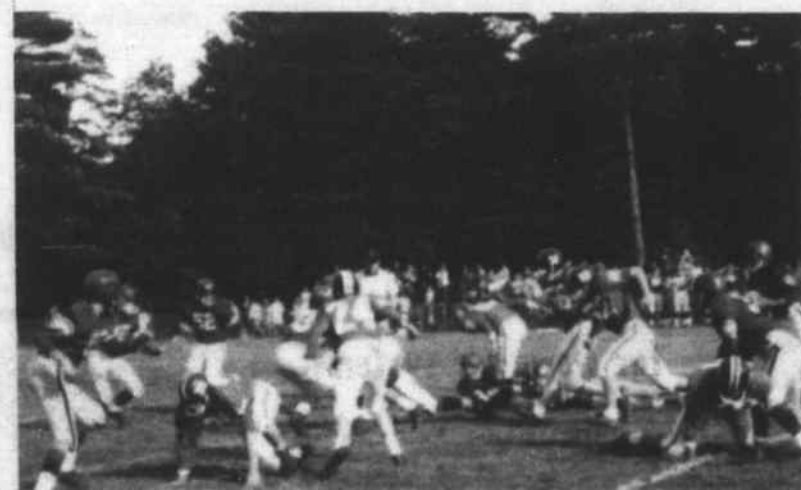

The team played Lynn English Tuesday afternoon, and will return home on Oct. 23 to play Andover.

Jayvees & Freshman Play

The Wilmington Jayvees and Freshmen did all the playing in the second half of Saturday's game, and held No. Andover to one TD while making one themselves.

MARK JEPSON CARRIED FOR 10 yards, to the 9 yard line, in the third quarter. Even though a Freshman, he is a promising half back.

ROBIN MEADS MAKES A FIRST DOWN; in the fourth quarter. He carried the ball for seven yards.

By Louie

The ultimate goal of anesthesiologists is a drug that would eliminate all pain while allowing the patient to remain in full awareness of his surroundings.

Though this goal is still far off, a new anesthetic that leaves patients with their eyes open, but disconnected from pain, is being hailed as 'the safest anesthetic yet developed.

The drug is called ketamine hydrochloride, and it has been used on several thousand patients with success.

The major fault found with ketamine thus far is its tendency to cause vivid hallucinations among adults who take it.

It has become safer and easier to aid surgical patients. We have many new drugs. Fill your prescriptions at SILVER LAKE PHARMACY, 52 Main St. Tel. 658-4617. Open 9-10 every day Whitman & Candy Cupboard Candies, Cosmetics.

HELPFUL HINT: A tablespoon of ammonia to one quart of water makes a fine solution for sponging shiny spots on clothes. Use a thick cloth for pressing.

Newhouse Wins Two

In Wilmington, Jaycees Football action last week, Ken Simard and Bob McNabb scored twice each to spoil a brilliant performance by Elk, Lenny Gustus and lead Newhouse Builders to a 31-26 victory on Monday Night.

On Wednesday, the Newhouse defense dug in and stopped the high scoring Jim Miceli Club and got the ball often enough for quarterback Billy Walls to hurl 5 touchdown passes, three to Dave Babine. Building cornerback, Denny Demaggon's tackles were a frustrating factor in the 39-7 win.

On Tuesday, the Elks got untracked and bombed the Charles River Breeders 42-22. Lenny Gustus piled up 406 yards of total offense and fired 5 TD passes while mate Billy Harrison scored 4 times and Dom Cacciola sparked on defense. Breeder quarterback, George Pratt hit on 19 of 29 passes for 200 yards, but had little support as his club lost its third game of the year.

The week's final Jaycee contest saw Sweetheart Plastics break a 5 game losing streak at the expense of the same Breeders 51-34. Plasticmen coach, fiery Jack Florence, piled up 271 yds passing for 2 and scoring 2 touchdowns in pacing his club to a comeback win. Breeder Scott Ewell caught 2 TD passes and returned a kickoff for a score spectacularly in defeat.

Action continues this week under the lights at the Town Park.

Field Hockey

The High School girls opened the conference phase of their schedule last Thursday with an exciting 1-0 win over Tewksbury.

Senior center forward Patty Griffin scored her first goal of the season and was all the team needed to win their first game of the season.

Monday the girls traveled to Methuen, from where they had to come from a 1-0 deficit to gain a 1-1 tie, with Miss Griffin again doing the scoring honors. The varsity team now sports a 1-3-1 over all season record.

The jayvees tied Tewksbury 0-0 and lost to Methuen 2-1. Debbie DeCoste scored the only goal of the week for the junior varsity, which is now 1-1-3 for the year.

The girls will return to action this afternoon with a 3:15 match at Dracut, and they will return home next Tuesday afternoon, entertaining Billerica at 3:15.

Cross Country

It was a great day for the boys last Wednesday as the varsity beat Andover 25-25 and Dracut 39-22. The JVs defeated Dracut 32-27

Barney backs Long-Hair Opponent

Bernard McMahon, Principal of Wilmington High School, as a member of the Executive Board of the Massachusetts Secondary School Principals Association, was among those who voted last week to support Principal Roger Thurston of Marlboro High School. Mr. Thurston's action in barring a long-haired boy from attending class was overturned by Federal Judge Charles E. Wyzanski, Jr. Thurston has the full support of the School Committee of Marlboro.

The Executive Board said it was their considered judgement that Mr. Thurston's decision was a proper and professional exercise of his authority in suspending a student from school.

Increasing social pressures are making the operation of public secondary schools more difficult, the board stated, and recent decisions have in no way reduced the as-

and Andover 32-22.

Rick Russell, Cliff Friberg, Lance Walden, Jim Lynch and Rick Keanse were the first five varsity finishers, while Dave Deschenes, Dana McQuaid, Davey O'Rourke, Geoff Graser and Rick Peters were the first five jayvees in.

Billerica and North Andover were just too strong for the Wildcats on Friday, as they lost to the Indians 17-42, and to the Scarlet Knights 26-29. Friberg was the first man across the line for the varsity team.

The jayvees defeated North Andover, but lost to Billerica.

SABRE STOLEN FROM YOUTH CRUSADERS

A \$40 sabre and scabbard, part of the equipment of the championship Wilmington Youth Crusaders, Bugle & Drum Corps, was stolen from their equipment truck last Saturday evening.

The thieves sawed off a handle with a hack saw or other instrument to get into the truck.

It is believed that the sabre was taken by children, and unless a child has training to handle a sabre it can be a very dangerous instrument.

signed responsibilities of principals, but have nevertheless reduced the ability of principals to carry out their responsibilities. Public school principals need the cooperation of society if a viable school system is to be maintained, it said.

The Executive Board voted to appropriate a sum not to exceed \$10,000 to assist Thurston in carrying an appeal of the case to the Federal Circuit Court of Appeals, and/or to defend any other high school principal in Massachusetts who is faced with a suit or injunction resulting from the action of a principal who excludes a student for infraction of school rules, or who exercises professional judgement as directed by his superintendent and/or school committee.

The student, a 17 year old boy, was suspended by Thurston for nine days because of the length of his hair.

GOOD JOBS NOW
55 CURRENT OPENINGS

The employment office of Compugraphic; the fastest growing company in the area, is now located 'on the hill' just off West Street in Wilmington. Our new plant is clean, fully air-conditioned, and is a great place to work.

- SILK SCREENERS & PLATERS - We need 3 people to work in our printed circuit fabrication group to silk screen and plate printed circuit cards. 3 openings on the day shift. Some experience in printed circuit fabrication helpful but not necessary.
- PHOTO TECHNICIANS - Operate typesetting equipment and cameras, some touch up work also involved. Interest in photography helpful. Trainees considered.
- MECHANICAL ASSEMBLERS - Many openings exist for experienced mechanical or electro-mechanical assemblers to assemble our unique phototypesetting equipment.
- CLERK - TYPIST - Girl wanted to perform clerical duties in our Personnel Department from 3:00 p.m. to 7:00 p.m. Good typing skills are required.
- SECRETARY - to our Vice President of International Marketing. This position requires 2 - 3 years experience, preferably in the export sales area. If you are fluent in French, German, and/or Spanish, this is the job for you.

Other current openings include:

- * Typists
- * E/M Draftsmen
- * Test Technicians
- * Secretaries
- * Sheet Metal Mechanic
- * Tool Designer
- * Manufacturing Engineer
- * Instructors
- * Service Engineers
- * Cost Analyst
- * Electronic Engineer
- * Mechanical Engineers

LAB TECHNICIAN

We are currently seeking an experienced Chemical Lab Technician for our applications laboratory. However, if you are a high school graduate with the "smarts" to go on to college, but can't because of financial or other reasons, we will train you for this attractive position.

Interested in furthering your education? Among our many fringe benefits we have a liberal tuition assistance program, along with an excellent starting salary.

We are a progressive, rapidly growing firm located in a new plant just minutes away from routes 128 and 93.

For an interview appointment and the opportunity to discuss building your future now, call Mr. Harold Thoma, Personnel Manager at 658-6600.

• INSTRUCTORS

• SERVICE ENGINEERS

Compugraphic Corporation with two plants just off Route 93 in Wilmington, Massachusetts is the growth leader in the development and manufacture of computers and phototype-setting systems for the printing and graphic arts industry.

Due to our extremely rapid growth and in order to strengthen our Field Service Department to anticipate further growth we are in need of the following:

● INSTRUCTORS - Instruct Field Service Engineers and customers in all aspects of our unique computer phototype-setting systems as well as represent the company on field service assignments. 1 to 3 years experience in digital instruction required. Field Service experience helpful but not necessary.

● FIELD SERVICE ENGINEERS - Install, troubleshoot and repair equipment at customer locations throughout the United States. 1 to 3 years digital circuitry experience required. Relocation outside New England after training at company school in Wilmington, Massachusetts, necessary with extensive travel requirements. Excellent salary plus 100% expenses for those who qualify.

● FINAL TEST PERSONNEL - Test, troubleshoot and repair computer phototypesetting equipment prior to shipment to customer. 6 months to 1 year's experience in digital circuitry required. Electronic educational background helpful but not necessary.

A number of trainee positions also exist for candidates with electronics aptitude and associated work or theoretical experience.

To arrange for an interview send resume with salary requirements or call:

MAINTENANCE MECHANIC

We seek an all around maintenance mechanic for our chemical process plant. You should have experience in the maintenance of pumps, piping, forklifts and other standard factory equipment. The person selected will be assigned to any of three shifts.

We are a progressive firm operating in a new plant just minutes away from routes 128 and 93. Our starting salaries are generous and our fringe benefits are a model for the industry.

For an interview appointment call Mr. H. J. Thoma, Manager of Administrative Services.

ELIA'S**WILMINGTON'S FINEST MEAT
NORTH WILMINGTON CENTER****A Busy Week for Fred Cain****COMMERCIAL BANK OFFICIALS:** At the ribbon cutting ceremony for their new office in North Reading, Saturday.

Left to right: Ernest R. Florell, manager of the North Reading branch; William J. Donovan Jr., Vice President and Treasurer; Mrs. Edith O'Leary, Chairlady of the Advisory Board for North Reading; Bank President Fred F. Cain; and Marshall A. Tebbetts, Executive Vice President and Manager of the Wilmington office.

Call me what you will, but just be certain you spell my name right, is an old adage for politicians and others interested in public office.

To Rep. Fred F. Cain that adage became a little more than a joke, last week.

The New Orleans States-Item, on Oct. 2 had a picture of Mr. Cain and other state legislators who had just been elected to office in the National Society of State Legislators.

And the picture identified Cain as Rep. William Brock of Tennessee. Cruel World!

Mr. Cain was elected to the Board of Governors of the Association. It was only a part of a busy week for him.

He left New Orleans at an early hour on Saturday, and arrived in Wilmington just in time to go to North Reading, as the president of the Commercial Bank and Trust

and cut the ribbon for the new facility in that town.

In New Orleans he was the moderator of a seminar on campus disorders, in which the director of public affairs for San Francisco State College, a California representative and David Barr, a Harvard senior were the Panelists. Cain, in addition, was made an honorary citizen of New Orleans.

**Get Rid Of Your
